

ALTERNATIVE LOAN INFORMATION SHEET

Students are recommended to exhaust all federal loan options first. If additional funding is needed, alternative loans are a source of non-federal educational loans available through a variety of national lending institutions. Minimum and maximum amounts to borrow may vary by program, but all require a satisfactory credit history for approval. These loans have their own application processes which are available on-line.

The list of lenders below represents 100% of the lenders used by students that attended Lakeland University during the 2012-18 academic years and used alternative loans as a funding source. This is the major criteria reviewed by Lakeland University to determine which lenders will reside on this preferred lender list. Other criteria considered include customer service, interest rates, fees, and repayment incentives. Lakeland University does not require you to select a lender from this list. There are other options available and the Financial Aid and Educational Funding Office will work with students regardless of the lender selected.

When selecting a loan that is best for you, you may want to look at the interest rate, fees charged (upfront or backend), cosigner requirements, cosigner release options, repayment requirements or incentives, and minimum and maximum amounts to borrow annually and for your educational career.

You may view specific details about the following lenders and their student loan products on the individual websites listed below or online at: <https://choice.fastproducts.org/FastChoice/home/385400/1>. This link will take you to the FASTChoice webpage. FASTChoice provides valuable information about alternative loans (Borrower Essentials), allows you to compare the lenders listed below and apply online.

Please note that pursuant to Section 155 of the Higher Education Act of 1965, as amended, (HEA) and to satisfy the requirements of Section 128 (e)(3) of the Truth in Lending Act, a lender must obtain a self-certification signed by the applicant before disbursing a private education loan. The self-certification form is located online at <https://ifap.ed.gov/dpccletters/attachments/GEN1001A-AppSelfCert.pdf>.
