HOUSING CONTRACT TERMS AND CONDITIONS

2013-2014 ACADEMIC YEAR

LAKELAND
◆ COLLEGE ◆

This document and those referred to within it constitute the Lakeland College contract for student housing. The housing services described are being offered under the terms and conditions contained in this contract. Nothing in this contract constitutes a landlord/tenant relationship as described in Chapter 704, Wisconsin Statutes.

Eligibility Resident must be an enrolled full-time student at Lakeland College. The Department of Residence Life reserves the right to terminate this contract if a resident's credit load falls below 12 credits.

Residency Requirement Lakeland College requires that all full-time students under the age of 21 and regardless of ranking must live on campus. The only exceptions will be: (a) if a student is living with a parent; (b) if student is married; (c) if student is a former member of the armed services; or (d) if the student is a single parent with a child. If you meet the requirements to live off campus, but sign this contract, it is still a binding contract.

Contract Term This contract is for the academic year and cannot be terminated at any other time unless first approved by the Director of Residence Life.

College Agrees The Department of Residence Life agrees to provide housing in the residence halls under the conditions of this contract and the Lakeland College Student Handbook.

Resident Agrees Residents agree to observe all rules and regulations of Lakeland College found in this contract and the Lakeland College Student Handbook and make timely payment of all housing fees.

Payment/Fees The student will pay the college the prescribed room and board rate for each semester during the term of the contract. The initial rates are guaranteed for the academic year, barring extraordinary economic changes. Charges will begin the first day the residence communities officially open. Semester charges for room and board will be billed to the student's college account in two equal installments, with payments due at the beginning of each semester. **Housing agreements are binding for the entire academic year or portion thereof.** Failure to complete the agreement for any reason, including suspension or dismissal from the college or residence communities, may result in a forfeiture of all room and board fees including a \$100.00 Contract Breakage Fee. No transfer agreement to another student is permitted.

Deposit All resident students are required to pay a \$200 housing deposit. Any fines or charges will be deducted from this deposit. Residents are required to be current with their deposit at the start of each contract period. This deposit will be refunded after the last semester of contracted housing at Lakeland College. If housing is not needed, this deposit is refundable up until July 1st.

Assignment Policy The Department of Residence Life will not discriminate in room assignments on the basis of race, color, gender, sexual orientation, religion, disability, national origin or ancestry. New students who submit applications and pay the

appropriate deposit are assigned based on preferences. Failure to honor those preferences does not void this contract. If a student receives a temporary assignment, the student must accept a permanent assignment when offered and this contract cannot be voided for that reason.

The Department of Residence Life reserves the right to change hall and room assignments, to assign roommates or to consolidate vacancies requiring a resident to move from a single occupancy of a double room to a double occupancy of a double room in the same hall. The Department of Residence Life also reserves the right to temporarily assign students above the design occupancy of rooms until permanent space becomes available. This contract is in effect only for signee, and signee cannot sublet any part of the premises.

Hall/Room Changes All room changes must be approved by an Area Coordinator or the Director of Residence Life before movement occurs. Unauthorized room changes may result in moving back to original room and disciplinary action. "Double-single" rooms or upgrades need to be approved by the Manager of Student Accounts.

Room Entry The college reserves the right to enter any room at any time for the purpose of routine maintenance or repairs; inspection for inventory, control of fire, health, safety regulations; responding to other emergencies, including life and/or health-threatening situations; investigating reasonable information that a crime is being or has been committed; and/or responding to reasonable evidence that a college regulation is being or has been violated.

Contract Termination This contract may be terminated if a resident falls below 12 credits. A resident wishing to terminate this contract during any part of the academic year must do so in writing by filling out a "Request to Break Housing Contract" form with the Department of Residence Life and contract will only be terminated once approved. This contract is for the entire academic year and release at semester will only be granted for study abroad participation, entering active duty in the military and/or graduation of resident. The college may terminate a student's residency in the housing community and take possession of the room at any time for violation of housing policies, violation of college rules/regulations or for reasons of health or safety.

Liability Lakeland College assumes no liability nor legal obligation to provide reimbursement for a resident's personal property resulting from loss, theft, damage or other perils. Residents are encouraged to carry personal property insurance.

Damages Each resident agrees to pay for any damage to the building, room, common area(s) or college-owned furniture or belongings, including fire damage, caused by that resident's negligent actions or intentions. Where damage to a common area cannot be ascertained by the Department of Residence Life, the costs will be split evenly between assigned occupants. At the beginning of each contract period, each resident is required to fill out a Room Condition Report and turn it into hall staff. Failure to do so will prompt the college to assume the room and belongings are in satisfactory condition.

Break Housing Residents with valid reasons as determined by Residence Life staff may stay in their same room over break periods at no extra cost. Limited meals are available at a nominal cost. Residents must sign up with hall staff prior to break periods or they will not be allowed access to rooms. All residents are required to vacate their rooms within 24 hours of their final exam or at posted hall closing time, whichever comes first, unless previous arrangements have been made.

Check-out Students who leave the residence communities must complete all checkout procedures, clean the room/unit, return all the furniture to its original site/condition and remove all belongings before 7:00 p.m. of the day the housing community closes at the end of the term. Failure to complete the aforementioned checkout on time may result in some combination of the following charges: a) cleaning fees; b) a \$50 improper checkout fee; c) reassembly fees; d) daily room and board rental fees; and e) possible assessment of storage fees.

Early Arrival/Late Move-out Unless required by the college, students wishing to arrive on campus before the prescribed move-in date each semester or wanting to stay on campus past the last day of the contracted semester will be required to pay the per day rental fee. All residents wanting to move into their residence halls early or leave late must have approval from the Director of Residence Life.

Personal Property Residents are required to move all personal property from their living areas upon checking out of their room. The college reserves the right, without liability, to discard any property left behind after 30 days of the termination of the contract period unless it is in approved storage.
