

MASTER YOUR PROFESSION

Lakeland University is Wisconsin's leader in evening & online education.

LAKELAND
UNIVERSITY

Don't put your life on hold to earn your graduate degree. For more than 40 years, Lakeland University has been meeting working students where they are.

Our flexible scheduling and variety of modalities allow you to learn on your time and at your own pace. Build a schedule that meets your needs with options for 7- and 12-week courses, evening classes and the ability to join class remotely. You can also earn academic credit for real-world experience and finish your degree faster.

DEVELOP SKILLS EMPLOYERS ARE LOOKING FOR.

BUSINESS ADMINISTRATION (MBA)

Lakeland's MBA is designed for working adults, and provides a broad-based professional education consisting of coursework that integrates research, case studies, technology and other learning processes. Objectives include an understanding of business and economic problems, and the development of managerial skills to address these problems in the context of an ethical and global workplace.

LEADERSHIP AND ORGANIZATIONAL DEVELOPMENT (MS-LOD)

Leadership is a key quality that today's employers seek in their employees. The Master of Science in Leadership and Organizational Development (LOD) graduate program focuses on leadership skills and organizational development practices in the workplace; whereas the more traditional MBA focuses on accounting, finance, statistics and economics.

EDUCATION (M.Ed.)

Teachers and school administrators will receive timely and useful instruction and tools that translate directly into better education for students. Lakeland's M.Ed. faculty is a mix of our own talented education professors and respected educators and administrators from surrounding school districts.

COUNSELING (MAC)

The Master of Arts in Counseling program is dedicated to preparing students for one of three professional counseling areas: clinical mental health counseling, school counseling or higher education counseling and student affairs. The MAC program is designed with the working professional in mind and offers opportunities for intellectual, moral and spiritual growth. Non-degree-seeking status is available.

MUSIC EDUCATION - KODÁLY EMPHASIS (MM)

Kodály Summer Graduate Music Program is designed for elementary, secondary, and independent music teachers who are seeking to grow their pedagogical, personal musicianship, and research skills. The program faculty are leaders in the field of music education and provide an experience that is joyful, supportive, and immensely meaningful. This program complements the busy schedules of working music educators, allowing them to earn their Master of Music in Music Education – Kodály Emphasis degree in four summers, including an intensive two-week summer residency each summer, with limited online coursework throughout the academic year.

BACHELOR'S DEGREE PROGRAMS

BUSINESS ADMINISTRATION (MBA) 📶

All emphasis areas listed under Business Administration (MBA) are available for this major.

MUSIC EDUCATION (MM)

📶 *Completely online option available*

GRADUATE CERTIFICATES

Additional education is key for leaders in the workplace, but sometimes going back to school for several semesters to earn a degree doesn't line up with life's timing.

Graduate certificates address the need for professionals to obtain graduate-level training outside of formally pursuing a master's degree. These certificates provide individuals with excellent professional development opportunities:

- Leadership
- Human Resources
- Project Management
- Kodály Certificate
- Orff Certificate

LET'S GET STARTED! Tell us how we can best support you, and customize an education to fit your goals, your schedule and your future.
