

Lakeland University Response Plan to COVID-19 in Residence Halls

When Lakeland University is notified of a residential student testing positive for the COVID-19 virus the following steps will be implemented:

- Identified student(s) will be rehoused in the Suites.
 - Suite 10 & 11 have been identified as self-isolation units.
 - There are 4 self-isolation units in each suite. All units are prepared and pre-stocked with essentials.
 - Identified essentials are:
 - ✓ Tissue & Soap,
 - ✓ Linens (Blankets, Pillows, Sheets, Sheet spread, body & face towels) Two sets per room
 - ✓ Garbage bags
 - ✓ Refrigerator(s) One per suite
 - ✓ Microwave(s) One per suite
 - Desk phones (Will be installed in each room)
 - Desk top Computers (Will be installed in common area for continued course work)
 - Students will only be able to bring the following necessities into isolated units:
 - TV/gaming units
 - Personal computers
 - Toiletries
 - Clothes (for two weeks)
- To protect residential students in self-isolation units, campus safety will deliver meals in the following:
 - Students will contact campus safety via the following:
 - Personal cell
 - In room phone
 - Campus Safety officers will pick up meals from dining services and drop off at a designated area. (All officers will take the necessary precautions)
 - Students will also have the ability to pre-order food and have meals in three day increments.
- Students would be monitored by way of a medical professionals via the following:
 - Email,
 - Phone call
 - Text/survey app
 - Web base meetings/screenings
- If conditions worsen residents will be instructed to contact the following:
 - 911
- Any students housed in the designated isolation units cannot have guest. Exceptions to this will be the following:
 - Campus Safety
 - Emergency medical personnel/Responders
 - Parents (notification given before arrival)
- Once a student(s) have been cleared per medical professionals and free of any symptoms for 72 hours w/o medication. Students will only be able to return to general population residential halls after they complete the following:
 - Wash all clothes
 - Disinfect and wipe down all personal belongings
- Once isolation unit is no longer occupied is will undergo a disinfectant treatment process;
- Communication to the Lakeland community:
 - Communications will be prepared by the director of external relations for the following groups:
 - All students
 - Employees and trustees
 - Parents of current students
 - Possible communication for broader community per needs of public health
 - Add info to Lakeland.edu/coronavirus page
 - Director of external relations will serve as the contact for all media.
 - Evaluation of the need for press conference working with public health officials.
